Patron's Wisdom

Education is not a mere accumulation of facts; it is preparation for life itself. It is an ocean of knowledge imbued with wisdom and ethics.

I strive hard to enable every student to get the best from the congenial environment of school that emphasizes humanistic dimensions of education which equip them with the unwavering optimism, enduring belief in their capabilities and a futuristic vision. Life lessons amalgamated with education give students the insight to their responsibilities and goals. We, educationists should motivate our students to span the sky, let their aspirations soar high, giving them wings to fly but at the same time nurture them with human values that keep them humble and grounded. The legacy of being responsible and caring individuals must be well imbibed in them. They have to make this world a better and safer place to live, by not only safeguarding their surroundings but also the environment, human ethics and culture.

Dr. DEEPAK SINGH
(Patron)

President's Reflection

I'm deeply grateful to Central Board of Secondary Education and all the member schools of this complex for their significant contribution in shaping Sahodaya into what it is today—a platform where students and teachers collaborate, showcase their skills, and foster a supportive environment for competitive extracurricular activities amalgamated with literary activities.

The concept of the Sahodaya complex, introduced by CBSE, is truly unique, helpful, and productive. When it was first launched in Kota, it was seen as just another CBSE initiative. However, it has since proven to be one of the most innovative and impactful ways to implement interschool extracurricular & literary activities, with 1,200 teachers and students participating in various events every year.

Thanks to Kota Sahodaya, Principals and Directors who have come together on one platform to collaborate on numerous events, seminars, and competitions, forming bonds that are even closer than family.

All the school teachers and students eagerly wait for release of the Annual Activity Schedule of this complex. As a result, our students not only excel academically but also thrive in various activity extracurricular activities, gaining valuable soft skills that might otherwise go untapped in the traditional school setting.

My personal experience while attending National Sahodaya conferences was an extremely helpful everlasting bond among Principals of various CBSE schools across the country. This event helps us to focus on the current National scenario in school education and share ideas with Principals and CBSE officers which helps us improve the holistic education being provided to the young budding minds as well as in shaping the future of this country.

I would like to quote very intership lines of Mr. Alvin Toffler

“The illerate of the 21st century will not be those who cannot read or write, but those who cannot learn, unlearn and relearn”

Dr. Pradeep Singh Gour
President

General Secretary insight

In 1986, CBSE introduced the concept of "Sahodaya," literally meaning "Rising Together." This concept facilitated a synergy of ideas among schools affiliated with the board (28,000 and counting) and imbued the spirit of "Caring and Sharing."

To build closer bonds between schools and CBSE, to facilitate broad interaction among practitioners, and to enable the board to formulate its policies in a progressive and pragmatic manner, the Kota Sahodaya Schools Complex was formed in the year 2008.

Since its inception, this complex has now emerged as a strong team of 74 member schools, including those from the districts of Kota, Bundi, Jhalawar, Baran, Sawaimadhopur, Jhalrapatan, etc., under the able leadership of Chief Patron Mr. Deepak Singh and President Er. Pradeep Singh Gour.

At Kota Sahodaya, we encourage interdisciplinary education and a sustainable future, which will enable us to be prepared for the core competencies of the 21st century. We design our modules and improvisation sessions to empower educators, promote joyful learning, and focus on the holistic development of the child, incorporating all the initiatives taken up by CBSE and aligning with the New Education Policy.

I sincerely believe and have faith that at Kota Sahodaya, we are working well as a team and are progressively moving towards an enriched mix of traditional and contemporary educational practices for the academic benefit of our students.

Member Principal's Wisdom

- Very relevant and appropriate for our school settings.
- Meticulously tailored to meet and encourage the needs of schools.

Mr. J.S. Victor
Principal
Fateh Public School
Sawai Madhopur

- "Sahodaya," a concept that literally means "to grow together," represents the ethos of Kota Sahodaya, which excels in all aspects of school education, including curriculum design, evaluation, and pedagogy. Working jointly for both scholastic and co-scholastic excellence under the theme of "Rising Together," Kota Sahodaya provides valuable support services for teachers and students.

Ms. Monika Malik
Principal
Maa Bharti School

- I firmly believe that each child is gifted with a spark which needs to be ignited.
- Extra- Curricular Activities play a vital role in shaping the the multi dimensional contours of a student's personality.
- Kota Sahodaya Schools Complex has been successfully organizing an array of Inter School Competitions with the aim to provide a perfect platform accentuating the learning abilities of the students along with competitive spirit.
- In future also we look forward to add more volume and vivacity to the events, leaving a positive impact on the education spectrum.

Family Get Together- New Year Celebration (Jan 2024)

Sahodaya is more than just an organization; it's a closely-knit family where every member shares a deep bond. Together, they celebrate festivals, cherish joyful moments, and create lasting memories. Whether singing together (Last year's Antakshari was a joyful blend of melodies and cherished memories.) or dining as one, the spirit of unity and togetherness defines the essence of Sahodaya.
